Decision-Making in Reconstructive Surgery

Upper Extremity

Forewords by W.P. Cooney and G. Foucher

With 109 Algorithms
and 194 Figures, Mostly in Color

Contents

Introduction	1
The Key to the Map – How to Use the Book	2
Chapter I	
General Principles	3
General Principles of Upper Extremity Reconstruction	5
Assessment and Management Strategy	7
History	8
Swelling	9
Pain	10
Classification and Zones of Injury	13
AO/ASIF Fracture Classification	14
Herbert's Classification – Scaphoid Fractures	22
Salter Harris Classification of Pediatric Growth Plate Fractures	23
AO/ASIF Soft Tissue Injury Classification	24
Mangled Extremity Severity Score (MESS)	25
Hand Injury Severity Score (HISS)	26
Classification of Nerve Injuries (Seddon, Sunderland, Mackinnon)	27
Verdan's Zones of Flexor Tendon Injuries	28
Zones of Extensor Tendon Injuries	29
Carpal Instability	30
Viegas Classification	30
Taleisnik's Classification	31
Mayo Classification	32
Green's Modification of the Mayo Classification	33
Mayfield's Classification of Perilunate Dislocations	34
Posttraumatic Arthritis	34
Principles of Treatment and Management	35
General Strategy	36
Skin/Soft Tissue	37
Blunt Injuries	40
Burns	41
Fractures	44
Debridement	47
Infections	49
Contractures	52

Tumors	54
Flap Monitoring/Flap Failure	55
Chapter II	
Techniques of Structure Repair	57
Skin Grafts	58
Techniques of Osteosynthesis	60
Bones	60
Tendons	62
Vessels	65
Nerves	67
Chapter III	
Treatment Algorithms	69
Bones	70
Ligaments	85
Flexor Systems	91
Extensor Systems	105
Vessels	115
Nerves	121
Skin – Soft Tissue	131
Chapter IV	
Clinical Examples – The Use of the Algorithms	155
Chapter V	
Atlas of Flaps – Pearls and Pitfalls	181
Cross-Finger Flap	182
V-Y Flap	184
Moberg/O'Brien Flap	186
Axial Digital Island Flap	188
Reverse Axial Digital Island Flap	190
First Dorsal Metacarpal Artery Flap – Kite Flap	192
Dorsal Metacarpal Artery Flap (DMCA 2–4	194
Radial Forearm Flap (Pedicle and Free)	198
Posterior Interosseous Flap (Pedicle and Free Flap, Reverse and Antegrade Pedicle Flap)	200
Reverse Ulnar Perforator Flap	204
Lateral Arm Flap (Pedicle and Free Flap)	206
Parascapular/Scapular Flap	208
Latissimus Dorsi Flap	210
Serratus Muscle/Fascia Flap	212
Temporal Fascial Flap	214
Groin Flap (Pedicle and Free Flap)	216

Gracilis Muscle/Musculocutaneous Flap	218
Fibula Flap	220
Rehabilitation Protocols	223
Repair of Thumb Flexor Tendon	224
Repair of Long Finger Flexor Tendon	225
Extensor Tendon Repair (Zones 1–4)	226
Extensor Tendon Repair (Zones 5–7)	227
Injuries of Digital Joints (MP and PIP)	228
References	229
Subject Index	235
