# **AO Principles of Fracture Management**

**with illustrations by Michael Renner and Kaspar Hiltbrand**

*Section Editors*

**Chris L. Colton  
Alberto Fernandez Dell'Oca  
Ulrich Holz  
James F. Kellam  
Peter E. Ochsner**

*Coordinating Editor*

**Gustave E. Fackelman**

*Illustration Editor*

**Yves Harder**

**Thieme  
Stuttgart · New York 2000**

**1****AO philosophy and its basis***—U. Holz & W. M. Murphy***1.1****AO philosophy and principles 1***—J. Schatzker***1.2****Biology and biomechanics in fracture management 7***—S. M. Perren & L. Claes***1.3****Implants and materials in fracture fixation 33***—S. M. Perren, R. Mathys, O. Pohler***1.4****Fracture classification: biological significance 45***—W. M. Murphy & D. Leu***1.5****Soft-tissue injury: pathophysiology and its influence on fracture management**Evaluation/classification of closed and open injuries **59***—N. P. Südkamp*

## 2 Decision making and planning

—*W. M. Murphy & J. F. Kellam*

- 2.1 The patient and the injury**  
Decision making in severe soft-tissue trauma 79  
—*P. Worlock*

- 2.2 Diaphyseal fractures: principles** 93  
—*P. de Boer*

- 2.3 Articular fractures: principles** 105  
—*M. D. Stover & J. F. Kellam*

- 2.4 Preoperative planning** 121  
—*J. Schatzker*

## 3 Reduction and fixation techniques

—*U. Holz & W. M. Murphy*

- 3.1 Surgical reduction** 139  
—*E. Gautier & R. P. Jakob*

### 3.2 Techniques of absolute stability

- 3.2.1 Lag screw** 157  
—*S. M. Perren, R. Frigg, M. Hehli, S. Tepic*

- 3.2.2 Plates** 169  
—*B. Wittner & U. Holz*

- 3.2.3 Tension band principle** 187  
—*C. Josten & G. Muhr*

### 3.3 Techniques of relative stability

- 3.3.1 Intramedullary nailing** 195  
—*C. Krettek*

- 3.3.2 Bridge plating** 221  
—*F. Baumgaertel*

- 3.3.3 External fixation** 233  
—*A. Fernandez Dell'Oca*

- 3.4 Internal fixation: a new technology** 249  
—*A. Fernandez Dell'Oca & P. Regazzoni*

## 4

**Specific fractures**

—C. L. Colton, A. Fernandez Dell'Oca, U. Holz,  
J. F. Kellam, W. M. Muphy, P. E. Ochsner, T. P. Rüedi

**4.1 Scapula and clavicle 255**

—C. W. Geel

**4.2 Humerus****4.2.1 Humerus: proximal 271**

—R. Szyszkowitz

**4.2.2 Humerus: shaft 291**

—P. M. Rommens, D. P. Endrizzi,  
J. Blum & R. R. White

**4.2.3 Humerus: distal 307**

—B. J. Holdsworth

**4.3 Forearm and hand****4.3.1 Olecranon/radial head/  
complex elbow injuries 323**

—J. Quintero

**4.3.2 Forearm shaft fractures 341**

—D. Heim

**4.3.3 Distal radius/wrist 355**

—D. L. Fernandez

**4.3.4 Hand fractures: assessment  
and concepts of surgical  
management 379**

—J. B. Jupiter

**4.4 Pelvic ring injuries: assessment and concepts  
of surgical management 391**

—T. Pöschelmann

**4.5 Acetabular fractures**

Evaluation/classification/treatment concepts and  
approaches 415

—D. L. Helfet & C. S. Bartlett, III

**4.6 Femur****4.6.1 Femur: proximal 441**

—R. Hoffmann & N. P. Haas

**4.6.2 Femur: shaft  
(incl. subtrochanteric) 457**

—D. Höntzsch

**4.6.3 Femur: distal 469**

—L. Kinzl

**4.7 Patella 483**

—M. Nerlich & B. Weigel

**4.8 Tibia****4.8.1 Tibia: proximal 499**

—J. T. Watson

**4.8.2 Tibia: shaft 519**

—R. R. White & G. M. Babikian

**4.8.3 Tibia: distal (pilon) 539**

—C. Sommer & T. P. Rüedi

**4.9 Malleolar fractures 559**

—D. M. Hahn & C. L. Colton

**4.10 Foot (calcaneus/talus/metatarsus):  
decision making 583**

—D. M. Eastwood

**4.11 Spine 601**

—J. O'Dowd

**5 General topics**—*T. P. Rüedi, C. L. Colton, A. Fernandez Dell'Oca***5.1 Open fractures 617**—*R. P. Clifford***5.2 Principles of management of soft-tissue loss 641**—*A. C. Masquelet***5.3 Polytrauma: pathophysiology, priorities, and management 661**—*O. L. Trentz***5.4 Children's fractures 675**—*J. E. Alonso***5.5 Antibiotic prophylaxis 699**—*W. Zimmerli***5.6 Thromboembolic prophylaxis 709**—*J. B. Hunter & A. E. Hunter***5.7 Postoperative management: general considerations 719**—*C. Ryf, A. Weymann, P. Matter***6 Complications**—*P. E. Ochsner & W. M. Murphy***6.1 Acute infection 729**—*P. E. Ochsner & U. Müller***6.2 Aseptic non-union 749**—*M. D. McKee***6.3 Chronic infection and infected non-union 765**—*E. E. Johnson***6.4 Malunion 779**—*R. K. Marti, F. P. Besselaar, E. L. F. B. Raaymakers***6.5 Algodystrophy 797**—*L. van der Laan & R. J. A. Goris***G Glossary 804**—*C. L. Colton***I Index 820****A message from AO Publishing 861****How to use the electronic book 862**
