- 1** Introduction 3
Marvin Tile
- A. Anatomy**
- 2** Anatomy of the Pelvic Ring 12
Marvin Tile
- 3** Anatomy of the Acetabulum 22
Martin D. Bircher and Marvin Tile
- B. Biomechanics**
- 4** Biomechanics of the Pelvic Ring 32
Marvin Tile, Trevor Hearn, and Mark S. Vrabas
- 5** Biomechanics of Acetabular Fractures 46
Steven A. Olson
- C. Pathoanatomy**
- 6** Pathoanatomy of the Pelvic Ring 50
Jorge E. Alonso
- 7** Pathoanatomy of the Acetabulum 57
Jorge E. Alonso
- D. Aspects of Polytrauma**
- 8** General Assessment and Management of the Polytrauma Patient 61
Wolfgang K. Ertel
- 9** Pelvic Trauma and Deep Vein Thrombosis 80
William H. Geerts and Richard M. Jay

SECTION II: DISRUPTION OF THE PELVIC RING 99

- 10** Defining the Injury: Assessment of Pelvic Fractures 101
Marvin Tile and Joel Rubenstein

- 11** Biomechanics and Methods of Pelvic Fixation 116
John Gorczyca, Trevor Hearn, and Marvin Tile
- 12** Describing the Injury: Classification of Pelvic Ring Injuries 130
Marvin Tile
- 13** Management of Pelvic Ring Injuries 168
Marvin Tile
- 14** External Fixation for the Injured Pelvic Ring 203
Pol M. Rommens
- 15** Internal Fixation for the Injured Pelvic Ring 217

SECTION III: FRACTURES OF THE ACETABULUM 417

- 24** Introduction and Natural History of Acetabular Fractures 419
Marvin Tile

- 25** Describing the Injury: Classification of Acetabular Fractures 427
Marvin Tile
- 26** Defining the Injury: Assessment of Acetabular Fractures 476
Marvin Tile, Joel Rubenstein, and Douglas Mintz
- A. Treatment Options**
- 27** Decision Making: Nonoperative and Operative Indications for Acetabular Fractures 496
Marvin Tile and Steven A. Olson
- B. Surgical Management**
- 28** Surgical Techniques for Acetabular Fractures 533
David L. Helfet, Martin Beck, Emanuel Gautier, Thomas J. Ellis, Reinhold Ganz, Craig S. Barlett, and Klaus A. Siebenrock
- C. Techniques of Reduction and Fixation for Acetabular Fractures: Closed Methods**
- 29** Computer-Assisted Closed Techniques of Reduction and Fixation 604
David M. Kabler
- 30** Fluoroscopic-Assisted Closed Techniques of Reduction and Fixation 616
Adam J. Starr
- D. Techniques of Reduction and Fixation for Acetabular Fractures: Open Methods**
- 31** Techniques of Open Reduction and Fixation of Acetabular Fractures 629
Jeffrey W. Mast
- 32** Cerclage Wires 658
Marvin Tile
- 33** Extraperitoneal Fixation 663
Eero Hirvensalo
- 34** Use of Bone Substitutes 669
Victor A. De Ridder and S. de Lange
- 35** Intraoperative Evaluation 674
Michael A. Terry
- E. Surgical Management of Specific Acetabular Injury Types**
- 36** Surgical Management of A Types: A1, A2, and A3 676
David J.G. Stephen
- 37** Surgical Management of B Types: B1, B2, and B3 697
David L. Helfet
- 38** Surgical Management of C Types: Both Columns 712
Keith A. Mayo
- F. Complications of Acetabular Fractures**
- 39** Early Complications of Acetabular Fractures 729
Gregory J. Schmeling, Thomas J. Perlewitz, and David L. Helfet
- 40** Late Complications of Acetabular Fractures 741
Gregory J. Schmeling, Thomas J. Perlewitz, and David L. Helfet
- 41** Surgical Management of Delayed Acetabular Fractures 751
Eric E. Johnson
- G. Special Situations**
- 42** The Elderly Patient with an Acetabular Fracture 756
David L. Helfet and Jeffrey Richmond
- 43** Primary Total Hip Arthroplasty for an Acetabular Fracture 770
