

Lee Neviaser Operative Techniques Shoulder Elbow Surgery 2019

Indice Contenido

Section I: Shoulder

Procedure 1 – Acromioplasty Pages 4-10

Procedure 2 - Rotator Cuff Repair: Open Technique for Partial-Thickness or Small or Medium Full-Thickness Tears
Pages 11-27

Procedure 3 - Rotator Cuff Repair: Arthroscopic Technique for Partial-Thickness or Small or Medium Full-Thickness Tears
Pages 28-45

Procedure 4 - Open Repair of Rotator Cuff Tears Pages 46-63

Procedure 5 - Arthroscopic Repair of Massive Rotator Cuff Tears Pages 64-78

Procedure 6 - Operative Fixation of Symptomatic Os Acromiale Pages 79-84

Procedure 7 - Humeral Head Resurfacing Arthroplasty Pages 85-91

Procedure 8 - Humeral Hemiarthroplasty With Biologic Glenoid Resurfacing Pages 92-101

Procedure 9 - Total Shoulder Arthroplasty Pages 102-112

Procedure 10 - Rotator Cuff Tear Arthroplasty: Open Surgical Treatment With Reverse Shoulder Pages 113-118

Procedure 11 - Open Unconstrained Revision Shoulder Arthroplasty Pages 119-132

Procedure 12 - Closed Treatment of Shoulder Dislocations Pages 133-135

Procedure 13 - Arthroscopic Treatment of Traumatic Anterior Instability of the Shoulder Pages 136-139

Procedure 14 - Open Treatment of Anterior-Inferior Multidirectional Instability of the Shoulder Pages 140-147

Procedure 15 - Arthroscopic Treatment of Multidirectional Instability of the Shoulder Pages 148-158

Procedure 16 - Anterior Glenohumeral Instability Associated With Glenoid or Humeral Bone Deficiency: The Latarjet
Procedure Pages 159-166

Procedure 17 - Open Treatment of Posterior-Inferior Multidirectional Shoulder Instability Pages 167-178

Procedure 18 - Arthroscopic Treatment of Posterior-Inferior Multidirectional Instability of the Shoulder Pages 179-190

Procedure 19 - Open Bankart Procedure for Recurrent Anterior Shoulder Dislocation Pages 191-201

Procedure 20 - Mini-Open Biceps Tenodesis Pages 202-208

Procedure 21 - Arthroscopic Biceps Tenodesis Pages 209-219

Procedure 22 - Superior Labrum Anterior-Posterior Lesion: Arthroscopic Reconstruction of the Superior Labrum and Biceps
Anchor Pages 220-231

Procedure 23 - Treatment of the Unstable Shoulder With Humeral Head Bone Loss Pages 232-243

Procedure 24 - Open Distal Clavicle Excision Pages 244-249

Procedure 25 - Arthroscopic Distal Clavicle Resection Pages 250-256

Procedure 26 - Open Treatment of Acute and Chronic Acromioclavicular Dislocations With Soft Tissue Repair and Reconstruction Pages 257-267

Procedure 27 - Sternoclavicular Joint Reconstruction Using Semitendinosus Graft Pages 268-275

Procedure 28 - Open Reduction and Internal Fixation of Acute Midshaft Clavicular Fractures Pages 276-281

Procedure 29 - Intramedullary Fixation of Clavicle Fractures Pages 282-286

Procedure 30 - Operative Treatment of Two-Part Proximal Humerus Fractures Pages 287-300

Procedure 31 - Open Reduction and Internal Fixation of Three- and Four-Part Proximal Humerus Fractures Pages 301-315

Procedure 32 - Percutaneous Fixation of Proximal Humeral Fractures Pages 316-326

Procedure 33 - Hemiarthroplasty for Proximal Humeral Fracture Pages 327-339

Procedure 34 - Surgical Treatment of Scapular Fractures Pages 340-353

Procedure 35 - Surgical Approaches to the Shoulder Pages 354-360

Procedure 36 - Arthrodesis of the Shoulder Pages 361-369

Procedure 37 - Open and Arthroscopic Suprascapular Nerve Decompression Pages 370-379

Procedure 38 - Scapular Surgery Pages 380-384

Procedure 39 - Adhesive Capsulitis Pages 385-394

Procedure 40 - Arthroscopic Treatment of Calcific Tendinitis in the Shoulder Pages 395-402

Procedure 41 - Nerve Transfers for Shoulder and Elbow Restoration After Upper Trunk Brachial Plexus Injuries Pages 403-413

Procedure 42 - Thoracic Outlet Syndrome Pages 414-421

Procedure 43 - Suprascapular Nerve Neuropathy Pages 422-430

Section II: Elbow

Procedure 44 - Surgical Approaches to the Elbow Pages 433-453

Procedure 45 - Arthroscopy of the Elbow: Setup and Portals Pages 454-457

Procedure 46 - Elbow Arthritis and Stiffness: Open Treatment Pages 458-462

Procedure 47 - Elbow Arthritis and Stiffness: Arthroscopic Treatment Pages 463-467

Procedure 48 - Radial Head Fractures: Radial Head Replacement Pages 468-474

Procedure 49 - Total Elbow Arthroplasty Pages 475-483

Procedure 50 - Total Elbow Arthroplasty for the Treatment of Distal Humerus Fractures Pages 484-500

Procedure 51 - Radiocapitellar Replacement Pages 501-512

Procedure 52 - Revision Total Elbow Arthroplasty Pages 513-544

Procedure 53 - Open Treatment of Medial Epicondylitis Pages 545-552

Procedure 54 - Lateral Epicondylitis: Arthroscopic and Open Treatment Pages 553-560

Procedure 55 - Repair of Distal Biceps Tendon Ruptures Pages 561-570

Procedure 56 - Repair and Reconstruction of the Ruptured Triceps Pages 571-585

Procedure 58 - Submuscular Ulnar Nerve Transposition Pages 594-596

Procedure 59 - Surgical Decompression for Radial Tunnel Syndrome Pages 597-602

Procedure 60 - Distal Humerus Fractures, Including Isolated Distal Lateral Column and Capitellar Fractures Pages 603-627

Procedure 61 - Radial Head Fractures: Open Reduction and Internal Fixation Pages 628-636

Procedure 62 - Open Treatment of Complex Traumatic Elbow Instability Pages 637-649

Procedure 64 - Ulnar Collateral Ligament Reconstruction Using the Modified Jobe Technique Pages 658-666

Procedure 65 - Lateral Ulnar Collateral Ligament Reconstruction Pages 667-675

Procedure 66 - Elbow Coverage: Principles of Soft Tissue Reconstruction Pages 676-699

Procedure 67 - Operative Treatment of Olecranon Bursitis Pages 700-706

Procedure 68 - Treatment of Osteochondritis Dissecans of the Elbow Pages 707-716
