Minimally Invasive Spine Surgery

Surgical Techniques and Disease
Management

Second Edition

 Springer

Contents

Part I Introduction to Minimally Invasive Spine Surgery

- 1 History and Evolution of Minimally Invasive Spine Surgery 3**
R. Nick Hernandez, Jonathan Nakhla, Rodrigo Navarro-Ramirez,
and Roger Härtl
- 2 Philosophy and Biology of Minimally Invasive Spine Surgery 19**
Pawel Glowka, Choll W. Kim, and Kris Siemionow
- 3 Economics of Minimally Invasive Spine Surgery 29**
Robert A. Ravinsky and Y. Raja Rampersaud
- 4 Learning Curve for Minimally Invasive Spine Surgery 41**
Victor P. Lo and Neel Anand
- 5 The Role of MI Spine Surgery in Global Health: A Development Critique 47**
Carlyn R. Rodgers and W. B. Rodgers

Part II Enabling Technologies for Minimally Invasive Spine Surgery

- 6 Microscopes and Endoscopes 61**
Harel Deutsch
- 7 Intraoperative Neurophysiology Monitoring 69**
Mihir Gupta, Sandra E. Taylor, Richard A. O'Brien, William R. Taylor,
and Laura Hein
- 8 Image Guidance in Minimally Invasive Spine Surgery 83**
Ryan B. Kochanski, Hussein Alahmadi, and John E. O'Toole
- 9 Robotic-Assisted Spine Surgery 93**
Anthony E. Bozzio, Xiaobang Hu, and Isador H. Lieberman
- 10 Fusion Biologics and Adjuvants in Minimally Invasive Spine Surgery 101**
Gurmit Singh and Wellington K. Hsu
- 11 Use of Stem Cells in Spinal Treatments 117**
S. Mohammed Karim, Shuanhu Zhou, and James D. Kang
- 12 Lasers 127**
Christopher A. Yeung and Anthony T. Yeung
- 13 Radiation Exposure and Avoidance in Minimally Invasive Spine Surgery 139**
Bryan S. Lee, Dominic W. Pelle, Nicholas R. Arnold, and Thomas E. Mroz

Part III Surgical Techniques: Minimally Invasive Decompression

14	Posterior Cervical Decompression	147
	Neil M. Badlani and Frank M. Phillips	
15	Thoracic Decompression	155
	Mena G. Kerolus, Mazda K. Turel, Albert P. Wong, Zachary A. Smith, and Richard G. Fessler	
16	Lumbar Decompression Using a Tubular Retractor System	167
	Mark A. Shapses, Arjun Balakumar, and D. Greg Anderson	
17	Endoscopic Decompression	175
	James J. Yue	
18	Interspinous and Interlaminar Devices for Decompression	189
	Saqib Hasan and Hyun Bae	
19	Minimally Invasive Posterior Cervical Fixation	201
	Larry T. Khoo, Zachary A. Smith, and Roya Gheissari	
20	Percutaneous Pedicle Screws	215
	Jonathan N. Sembrano, Sharon C. Yson, and David W. Polly Jr.	
21	Minimally Invasive Facet Screw Fixation	227
	Anthony E. Bozzio, Xiaobang Hu, and Isador H. Lieberman	
22	Minimally Invasive Transforaminal Lumbar Interbody Fusion	235
	Ankur S. Narain, Fady Y. Hijji, Miguel A. Pelton, Sreeharsa V. Nandyala, Alejandro Marquez-Lara, and Kern Singh	
23	Minimally Invasive Midline Pars-Cortical Screw Techniques	245
	Daniel L. Cavanaugh, Kunwar (Kevin) S. Khalsa, Nitin Khanna, and Gurvinder S. Deol	
24	Minimally Invasive Spinous Process Fixation and Fusion	255
	Jonathan N. Sellin, G. Damian Brusko, and Michael Y. Wang	
25	Mini-open Anterior Lumbar Interbody Fusion	263
	Amir M. Abtahi, Douglas G. Orndorff, Jocelyn M. Zemach, and Jim A. Youssef	
26	Minimally Disruptive Lateral Transpsoas Approach for Thoracolumbar Anterior Interbody Fusion	277
	Dorcas Chomba, W. C. Rodgers III, and W. B. Rodgers	
27	Anterior Column Reconstruction for Sagittal Plane Deformity Correction	317
	Gurpreet S. Gandhoke, Zachary J. Tempel, and Adam S. Kanter	
28	Thoracoscopic Fusion	329
	Rodrigo Navarro-Ramirez, Christoph Wipplinger, Sertac Kirnaz, Eliana Kim, and Roger Härtl	
29	Pre-psoas Approaches for Thoracolumbar Interbody Fusion	337
	James D. Lin, Jamal N. Shillingford, Joseph M. Lombardi, Richard W. Schutzer, and Ronald A. Lehman Jr.	
30	Endoscopic Spinal Fusion	345
	Jason Ilias Liounakos, Gregory Basil, Karthik Madhavan, and Michael Y. Wang	
31	Navigated Spinal Fusion	355
	Ana Luís, Rodrigo Navarro-Ramirez, Sertac Kirnaz, Jonathan Nakhla, and Roger Härtl	

32	Cervical Herniated Nucleus Pulposus and Stenosis	375
	Pablo R. Pazmiño and Carl Lauryssen	
33	Thoracic Herniated Nucleus Pulposus	397
	Krystin A. Hidden, Safdar N. Khan, and Elizabeth M. Yu	
34	Lumbar Herniated Nucleus Pulposus	407
	Philip K. Louie and Gregory D. Lopez	
35	Lumbar Spinal Stenosis	417
	Kenneth C. Nwosu, Safdar N. Khan, and Thomas D. Cha	
36	Lumbar Spondylolisthesis	429
	Timothy Y. Wang, Vikram Mehta, John Berry-Candelario, Isaac O. Karikari, and Robert E. Isaacs	
37	Adolescent Scoliosis	439
	Daniel J. Miller, Todd J. Blumberg, Susan E. Nelson, Per D. Trobisch, and Patrick J. Cahill	
38	Adult Scoliosis	455
	Teja Karukonda, Steven M. Presciutti, Isaac L. Moss, and Frank M. Phillips	
39	Anterior Column Realignment (ACR): Minimally Invasive Surgery for the Treatment of Adult Sagittal Plane Deformity	477
	Gregory M. Mundis Jr., Pooria Hosseini, Amrit Khalsa, and Behrooz A. Akbarnia	
40	Thoracolumbar Spine Trauma	491
	Kelley E. Banagan, Daniel L. Cavanaugh, Ian Bussey, Alysia Nash, Jael E. Camacho-Matos, M. Farooq Usmani, and Steven C. Ludwig	
41	Minimally Invasive Surgery for Spinal Tumors	503
	Zach Pennington, Camilo A. Molina, and Daniel M. Sciubba	
42	Pathologic Fractures	531
	Alexandra Carrer, William W. Schairer, Dean Chou, Murat Pekmezci, Vedat Deviren, and Sigurd H. Berven	
43	How and When to Incorporate Minimally Invasive Surgery for Treatment of Deformity: Decision-Making	549
	Andrew C. Vivas, Jason M. Paluzzi, and Juan S. Uribe	
44	Sacroiliac Joint Dysfunction	557
	Vinko Zlomislic and Steven R. Garfin	
45	Minimally Invasive Spine Surgery in the Elderly	571
	Oliver Tannous and R. Todd Allen	
 Part IV Surgical Techniques: Minimally Invasive Fusion		
46	Clinical and Economic Advantages of Out-Patient Spine Surgery	587
	Neil M. Badlani, Joel Lehr, and Frank M. Phillips	
47	Clinical Outcomes of Outpatient Spine Surgery	595
	Richard N. W. Wohns, Laura A. Miller Dyrda, and Kenneth C. Nwosu	
48	Selection of Appropriate Patients for Outpatient Spine Surgery	605
	William D. Smith, Karishma Gupta, Maritza Kelesis, and Joseph L. Laratta	
49	Analgesia and Anesthesia to Enable Outpatient Spine Surgery	619
	Ramesh M. Singa and Asokumar Buvanendran	

50	Postoperative Care Following Outpatient Spine Surgery	629
	Troy I. Mounts and Gil Pepper	
51	Choice of Minimally Invasive Approaches: A Review of Unique Risks and Complications	639
	William P. Mosenthal, Srikanth N. Divi, Jason L. Dickherber, and Michael J. Lee	
52	Minimally Invasive Spine Surgery Complications with Implant Placement and Fixation	653
	Joseph S. Butler and Mark F. Kurd	
53	Neural and Dural Injury in Minimally Invasive Surgery	665
	Clifton W. Hancock, Donna D. Ohnmeiss, and Scott L. Blumenthal	
54	Pseudarthrosis	679
	Philip K. Louie, Bryce A. Basques, Nicollette M. Pepin, and Grant D. Shifflett	
	Index	687
