Table of Contents

I Shoulder

1	Patient Positioning, Arthroscopic Portals, Diagnostic Arthroscopy, Arthroscopic Sliding Knots	3
	<i>P. Minzlaff, S. Braun</i>	
1.1	Patient Positioning	4
1.1.1	Beach Chair (Sitting) Position	4
1.1.2	Lateral Decubitus Position	4
1.2	Arthroscopic Portals	4
1.3	Diagnostic Arthroscopy	4
1.3.1	Diagnostic Inspection/Examination	6
1.4	Arthroscopic Sliding Knots	8
1.5	Tips & Tricks	8
	References	9
2	Subacromial Space	11
	<i>M. Feucht, S. Baun</i>	
2.1	Arthroscopic Subacromial Decompression (ASAD)	12
2.1.1	Indication.....	12
2.1.2	Operation Principle.....	12
2.1.3	Preoperative Assessment	12
2.1.4	Operative Technique	12
2.1.5	Postoperative Management.....	12
2.1.6	Follow-Up Management	12
2.1.7	Tips & Tricks	13
2.2	Arthroscopic Resection of AC joint (ARAC)	14
2.2.1	Indication.....	14
2.2.2	Operation Principle.....	14
2.2.3	Preoperative Assessment	14
2.2.4	Operative Technique	15
2.2.5	Postoperative Management.....	16
2.2.6	Follow-Up Management	16
2.2.7	Tips & Tricks	16
2.3	AC joint Stabilization (Acute)	16
2.3.1	Indication.....	16
2.3.2	Operation Principle.....	16
2.3.3	Preoperative Assessment	16
2.3.4	Operative Technique	17
2.3.5	Postoperative Management.....	17
2.3.6	Follow-Up Management	18
2.3.7	Tips & Tricks	18
2.4	AC joint Stabilization (Chronic)	21
2.4.1	Indication.....	21
2.4.2	Operation Principle.....	21
2.4.3	Preoperative Assessment	21
2.4.4	Operative Technique	22
2.4.5	Postoperative Management.....	23
2.4.6	Follow-Up Management	24

2.4.7	Tips & Tricks	24
	References	24
3	Rotator Cuff Repair	25
	<i>M. Feucht, S. Baun, P. Minzlaff, N. Rosenstiel, M. Aboalata</i>	
3.1	Repair of the Supraspinatus Tendon	27
3.1.1	Indication	27
3.1.2	Operation Principle	27
3.1.3	Preoperative Assessment	27
3.1.4	Operative Technique	27
3.1.5	Postoperative Management	31
3.1.6	Follow-Up Management	31
3.1.7	Tips & Tricks	31
3.2	Repair of the Subscapularis Tendon	33
3.2.1	Indication	33
3.2.2	Operation Principle	33
3.2.3	Preoperative Assessment	33
3.2.4	Operative Technique	34
3.2.5	Postoperative Management	36
3.2.6	Follow-Up Management	36
3.2.7	Tips & Tricks	36
3.3	Repair of the Infraspinatus and Teres Minor Tendons	38
3.3.1	Indication	38
3.3.2	Operation Principle	38
3.3.3	Preoperative Assessment	38
3.3.4	Operative Technique	38
3.3.5	Postoperative Management	39
3.3.6	Follow-Up Management	39
3.3.7	Tips & Tricks	39
3.4	Tenodesis and Tenotomy of the Long Head Biceps Tendon (LHBT)	39
3.4.1	Indication	39
3.4.2	Operation Principle	39
3.4.3	Preoperative Assessment	39
3.4.4	Operative Technique	40
3.4.5	Postoperative Management	42
3.4.6	Follow-Up Management	42
3.4.7	Tips & Tricks	42
3.5	Transfer of the M. Pectoralis Major Tendon	44
3.5.1	Indication	44
3.5.2	Operation Principle	44
3.5.3	Preoperative Assessment	44
3.5.4	Operative Technique	44
3.5.5	Postoperative Management	45
3.5.6	Follow-Up Management	45
3.5.7	Tips & Tricks	46
3.6	Transfer of the Latissimus Dorsi Tendon	46
3.6.1	Indication	46
3.6.2	Operation Principle	46
3.6.3	Preoperative Assessment	47
3.6.4	Operative Technique	47
3.6.5	Postoperative Management	48
3.6.6	Follow-Up Management	48

3.6.7	Tips & Tricks	49
3.7	Operative Removal of Calcium Deposits (Calcific Tendinitis)	49
3.7.1	Indication.....	49
3.7.2	Operation Principle.....	49
3.7.3	Preoperative Assessment	49
3.7.4	Operative Technique	51
3.7.5	Postoperative Management.....	51
3.7.6	Follow-Up Management	51
3.7.7	Tips & Tricks	51
	References.....	52
4	Instability	55
	<i>M. Feucht, S. Braun, N. Rosenstiel</i>	
4.1	Anterior Shoulder Stabilization	57
4.1.1	Indication.....	57
4.1.2	Operation Principle.....	57
4.1.3	Preoperative Assessment	57
4.1.4	Operative Technique	57
4.1.5	Postoperative Management.....	59
4.1.6	Follow-Up Management	59
4.1.7	Tips & Tricks	59
4.2	Posterior Shoulder Stabilization	62
4.2.1	Indication.....	62
4.2.2	Operation Principle.....	62
4.2.3	Preoperative Assessment	62
4.2.4	Operative Technique	63
4.2.5	Postoperative Management.....	66
4.2.6	Follow-Up Management	66
4.2.7	Tips & Tricks	66
4.3	Multidirectional Shoulder Instability	66
4.3.1	Indication.....	66
4.3.2	Operation Principle.....	66
4.3.3	Preoperative Assessment	66
4.3.4	Operative Technique	67
4.3.5	Postoperative Management.....	70
4.3.6	Follow-Up Management	70
4.3.7	Tips & Tricks	70
4.4	SLAP Lesions Type II–V	70
4.4.1	Indication.....	70
4.4.2	Operation Principle.....	70
4.4.3	Preoperative Assessment	71
4.4.4	Operative Technique	71
4.4.5	Postoperative Management.....	72
4.4.6	Follow-Up Management	72
4.4.7	Tips & Tricks	73
4.5	Posterosuperior Impingement	73
4.5.1	Indication.....	73
4.5.2	Operation Principle.....	74
4.5.3	Preoperative Assessment	74
4.5.4	Operative Technique	75
4.5.5	Postoperative Management	75
4.5.6	Follow-Up Management	75
4.5.7	Tips & Tricks	75

4.6	Reconstruction of Glenoid Bone Defects	75
4.6.1	Indication	75
4.6.2	Operation Principle	76
4.6.3	Preoperative Assessment	76
4.6.4	Operative Technique	76
4.6.5	Postoperative Management	78
4.6.6	Follow-Up Management	78
4.6.7	Tips & Tricks	78
4.7	Remplissage of Hill-Sachs Lesions	79
4.7.1	Indication	79
4.7.2	Operation Principle	79
4.7.3	Preoperative Assessment	79
4.7.4	Operative Technique	81
4.7.5	Postoperative Management	81
4.7.6	Follow-Up Management	81
4.7.7	Tips & Tricks	82
4.8	Laterjet Coracoid Transfer	82
4.8.1	Indication	82
4.8.2	Operation Principle	82
4.8.3	Preoperative Assessment	83
4.8.4	Operative Technique	85
4.8.5	Postoperative Management	85
4.8.6	Follow-Up Management	85
4.8.7	Tips & Tricks	85
	References	85
5	Chondral and Osteochondral Lesion	87
	<i>A. Schmitt, S. Vogt</i>	
5.1	Microfracture	88
5.1.1	Indication	88
5.1.2	Operation principle	88
5.1.3	Preoperative Assessment	88
5.1.4	Surgical Technique	88
5.1.5	Postoperative Management	88
5.1.6	Follow-Up Management	88
5.1.7	Tips & Tricks	90
5.2	Chondrocyte Transplantation (ACT/MACT)	90
5.2.1	Indication	90
5.2.2	Operation Principle	90
5.2.3	Preoperative Assessment	90
5.2.4	Surgical Technique	91
5.2.5	Postoperative Management	92
5.2.6	Follow-Up Management	92
5.2.7	Tips & Tricks	92
5.3	Autologous Osteochondral Transplantation and Mosaicplasty	93
5.3.1	Indication	93
5.3.2	Operation Principle	94
5.3.3	Preoperative Assessment	94
5.3.4	Surgical Technique	94
5.3.5	Postoperative Management	95
5.3.6	Follow-Up Management	95
5.3.7	Tips & Tricks	95
	References	95

6	Shoulder Osteoarthritis	97
